EXAMINER INTERVIEW SUMMARY

Commissioner for Patents
P.O. Box 1450
Alexandria, Virginia 22313-1450

Attention: Commissioner for Patents

Applicants' Representative Gregory Sebald spoke via telephone on May 16 with Examiner Shawn An. Also present via telephone were Applicants' Israeli Patent Counsel, Gilad Magal and Eliav Korakh. Proposed claims had been submitted and were discussed. Moreover, the processing of images by the Suzuki and Takahashi references was discussed in contrast to the manipulation of images of the present invention. It was agreed that based on the art of record, the proposed amendments appeared to distinguish over the Suzuki and Takahashi references. However, the Examiner indicated that further searching and consideration would be required. Applicants agreed to submit a formal amendment along with arguments further explaining the issues raised. Applicants thank Examiner An for the cooperation and courtesy extended during the interview. The Examiner was further invited to telephone Applicants' Representative with any questions or issues.

If a further telephone interview may be helpful in this matter, please contact Applicants' Representative at 612-336-4728
